ABOUT ME

Hi there! I'm a front-end enthusiast gaining practical experience in the field. After completing an internship, I've transitioned into a role as a Front End Developer. Passionate about web development, I'm also intrigued by networking and computer support technology. With a solid foundation in these areas and a commitment to ongoing learning, I'm eager to explore opportunities that allow me to contribute to both front-end development and IT support roles.

LANGUAGE

• Malay

• English

EXPERIENCE

Practical Students At Majlis Daerah Tumpat, Kelantan | 2017

I was assigned to assist in OSC one stop centre departments within the local government. I gained hands-on experience in clerical duties such as data entry an document filing. I also had opportunities to follow outsite work related to my course.

Part-Time Administrative Assistant At Majlis Agama Islam (Maik) | 2018 - 2019

I provided support to the Unit Agihan by key in data, responding to phone calls and treat customer at counter.

Part Time Sale Assistant Di Pacific Kota Bharu Mall | 2018

I worked as a part-time sales assistant at Pacific Kota Bharu Mall for two weeks. My responsibilities included carrying stuff, assisting customer with their purchases, and providing product information.
